

Milton Parish Council Safeguarding Adults Policy and Procedure for Regular Contact with Adults at Risk

Introduction

The characteristics of adult abuse can take a number of forms and cause victims to suffer pain, fear and distress reaching well beyond the time of the actual incident(s). Victims may be too afraid or embarrassed to raise any complaint. They may be reluctant to discuss their concerns with other people or unsure who to trust or approach with their worries.

There may be some situations where victims are unaware that they are being abused or have difficulty in communicating this information to others.

Milton Parish Council when working with adults will ensure that they will:

- Promote their health and welfare.
- Respect and promote their rights.
- Work in a way which safeguards the wellbeing of each adult and protect them from abuse and neglect.
- Take appropriate steps if they became aware of any signs / incidents of abuse and neglect.
- Ensure employees (of Milton Parish Council) are made aware of their responsibilities when working alone or unsupervised with adults who may be at risk, or to attend to their personal needs.
- Ensure that employees and volunteers are provided with appropriate safeguarding training that relates to their involvement with adults who may be at risk.

Policy Aims

- To promote good practice and ensure that employees and volunteers are able to work in an environment where there is irregular and low intensity contact with adults with confidence
- To provide adults who may be at risk with appropriate safety and protection whilst in the company of participating employees or volunteers
- To allow employees and volunteers to make informed and confident responses to specific Safeguarding Adults issues
- Monitor the level of employee and volunteer contact with adults at risk, and request/access DBS checks where necessary, following DBS guidance
- To ensure that adults at risk and their carers (if appropriate) are aware of what to do if they have a concern and that they would feel confident to pass their concern on.

To achieve this, the Parish Council will appoint a named person responsible for this policy. That person is The Clerk to Milton Parish Council, currently Sarah Corder

They will:

- Ensure that the welfare of adults at risk is given the highest priority by the organisation, its management, employees and volunteers

- Promote good practice and ensure that employees and volunteers are able to work with adults at risk with confidence
- Ensure that this Practice Guidance and Procedures is enacted and monitored including the briefing, training and gathering feedback from employees and volunteers
- Monitor contact with adults at risk to ensure that the frequency and intensity of contact is consistent with the DBS threshold levels, for employees and volunteers.
- Act as the main contact for disclosing information around safeguarding adults at risk concerns
- Ensure that the concerns of adults at risk are heard and acted upon
- Be responsible for reporting incidents or concerns to appropriate authorities
- Attend appropriate training relevant to the level of engagement with adults at risk to ensure all employees/volunteers remain up to date with current practice and legislation
- Ensure employees and volunteers have access to further appropriate information
- Where appropriate, sign up to Cambridgeshire County Council's Safeguarding Adults Policy and Procedures

Milton Parish Council is committed to supporting the right of adults at risk to be protected from abuse and neglect and to making sure all staff and volunteers work together, in line with the Cambridgeshire County Councils Safeguarding Adults Policy, and act promptly when dealing with allegations or suspicions of abuse or neglect.

Recording and documenting your concerns

If the allegation or suspicion of abuse is discovered then the Chairman of the Milton Community Care Committee should be informed as soon as possible.

If a staff member has been told about the allegation of abuse in confidence, they should attempt to gain the consent of the client to make a referral.

However, the gaining of the consent is not essential in order for information to be passed on. Consideration needs to be given to:

- What you are concerned about/Scale of abuse
- What the adult said or disclosed to you
- What you said. Use exact words or phrases used in quotation marks and clearly attribute them to the person that said them
- What you observed such as any non-verbal cues, body language or changes in behaviour
- Any physical marks
- The risk of harm to others
- The capacity of the client to understand the issues of abuse and consent

If there is any doubt about whether or not to report an issue to Social Services then it should be reported.

In emergency situations (e.g. where there is the risk or occurrence of severe physical injury), where immediate action is needed to safeguard the health or safety of the individual or anyone else who may be at risk, the emergency services must be contacted.

Where a crime is taking place, has just occurred or is suspected, the police must be contacted immediately.

Any written documentation about a safeguarding concern must be signed, dated, stored and shared in line with confidentiality and data protection procedures.
